Mālama
Learning
Center

Mālama Learning Center (MLC) is a non-profit organization founded in 2004 to serve West O'ahu communities - from Waipahu to Wai'anae - by providing hands-on, place-based environmental education. We inspire communities to care for Hawai'i by perpetuating conservation, culture, and sustainability through education. And now through the television show Outside Hawai'i, we uplift our partners' collective voices throughout Hawai'i nei.
